

Hi Everyone,

When I took over from Chris last week, (can't believe it's only a week!!) I had expected to be in communication with you but not so many times within such a short period!

This update is hard to write but after the government's announcement last night, I think it is the socially responsible thing to do.

The club will be closed to everyone from today (24/3/20) for the next three weeks where I should imagine there will be more guidance on how to proceed.

The most important thing in such unprecedented times like this is that we stay safe. If anyone is struggling at any point please get in touch, we are a community and we will support where we can.

Any questions please just ask,

Best wishes

Rosie
